We are writing to let you know that you are being requested to respond to CDP’s Climate Change Questionnaire on behalf of your customers who participate in the CDP Supply Chain program.

COMPANY A / SUPPLIER A is being asked to provide information by CUSTOMER 1, CUSTOMER 2, CUSTOMER 3

Please click here to sign in and then confirm that your response may be shared with these companies.

Important Information:

¬ Please remember that the deadline to provide your response to investors remains the same but you have until August 16th to submit to CDP Supply Chain.
¬ We have created a step-by-step guide to the process for companies that have been asked to respond through both programs, which you may find helpful in navigating the system.
¬ CDP will never reveal which customers have identified you as a supplier and you will only need to complete one response each year, even if you receive multiple requests.
¬ Your company may have received a request from more than one customer and notification has been sent to a full list of contacts provided by our members.
¬ If you have a technical question regarding your response that is not answered by the guidance, please email respond@cdp.net.

Your participation is greatly appreciated.

Best regards,

CDP

Important: For Your Information

Due to the significant changes in the questionnaire structure, scoring requirements and IT system, the ‘copy from last year’ feature is not available for 2018. To aid your disclosure, CDP can populate the relevant answers from your 2017 Climate Change response into the corresponding section of the 2018 Climate Change Questionnaire drafting document in Word format. Please note that this will only cover a subset of questions. Please complete this form to request this document for your company.

Guidance for companies

Companies can disclose in response to a request from an investor, a customer, or both. This page covers the basics of the information request and shows some of the guidance that is available. CDP’s full suite of guidance materials and recorded webinars can be accessed from the guidance tool after you sign in. View instructions on how to access the guidance tool.
